Dear parents/carers

I hope that you are as well as can be expected after 5 weeks of lockdown? I am just writing to you as I know that you may be having some questions with regard to the transition of your children from first school to one of the Federation's middle schools.

The partnership has a well worked out transition plan and in normal circumstances the pupils have in most cases a fabulous transition which sets them up for the start of year 5.

Sadly, this year this may not be the case as we simply do not know when we will be back at school and what social distancing rules we will have to deal with.

However, I just wanted to reassure you that the Federation will work very closely with your first school to make sure that we put on the best transition that we can so that your children are as well supported as they can be.

At the moment the partnership heads have no idea of what the transition will look like but as soon as we do then we will be in contact with you.

I just wanted to write and let you know that the Year 4 into 5 transition is still very important to us and we will do all we can to make it a quality experience.

Whatever happens I look forward to your children joining us in Year 5 in September 2020.

Yours sincerely

John Barnes
Executive Headteacher
